

ST. JOSEPH'S HALL AGAIN CROWDED

Second performance of Musical Damsel. Replete With Clever Specialties and Musical Numbers. Makes Talent of Holy Name Choir Members and Mrs. Leary Stand Out Even More Strongly.

St. Joseph's Hall was again crowded to the doors on Friday evening with a delightful and enthusiastic audience which was called out by the second performance of the musical damsel given by the Holy Name choir of St. Joseph's Church for the benefit of the society. While the cleverness of the whole performance was remarkable, the talent discovered and developed by Mrs. Leary was equally remarkable. Who ever knew before that Charles Mullen possessed a tenor voice of such musical quality and such gracefulness of stage presence as to delight musicians as well as music lovers? Now, all who heard Mr. Mullen sing "Swanee Shore" want to hear him again. Then leaving the musical gifts quite aside, who would ever have dreamed of the hidden charms of the Mesdames Marguerite, Patience, Martha, Elsa, Carmen and Norma, who in spite of their Amazonian proportions were full of grace and gracefulness and withal most fetchingly rosy and coiffed.

The Musical Evening at Mirror Lake, which opened the program, presented a very pretty picture, lighted Japanese lanterns and twinkling electric lights enhancing the attractive scenery, all of which was a fitting background to the fine costumes of the guests of Host Dennis G. Kavanaugh, the same being Mesdames Elsa, Martha, Carmen, Marguerite, Norma, Patience and the Messrs. E. Casack, W. Dugan, J. Ernie, D. Freer, Jr., T. Kelliber, E. Messinger, J. Morgan, J. Moser, C. Mullen, J. Norton, K. Ryan, H. Ulrich, E. Ward, T. Wayne and J. White. The colored butler was splendidly impersonated by David Freer, Sr., who sang the opening solo, "Everybody Wants the Key to My Cellar," calling forth great applause. Miss Marguerite, a blond beauty in dainty pink costume, quite delectable and sleeveless, next sang pleasantly "Like a Ship Without a Sail." T. Wayne was the soloist who sang fetchingly "Sunny Weather Friends," the chorus being joined in by the other guests.

For a delightful Irish song, full of Irish wit, and sung as only an appreciative Irishman with his heart in the right place can sing, commend us to H. Ulrich who sang "The Irish Jubilee." In a way that called forth repeated encores.

Miss Patience in gown of old blue, black velvet and tulle followed with "Miami Shore," "Delighting" her hearers.

Of course everyone enjoyed J. Norton's singing of "Where the River Shannon Flows," as well as "Dear Old Pal of Mine," sung by D. Freer, Jr.

Then came Mr. Mullen's surprising solo.

During the evening there had been carried on right before the face and eyes of the whole audience, a rather open flirtation between Miss Norma and E. Ward so that it was not surprising that that gentleman addressed his solo, "I'll Way For You," to that fascinating maiden, in old rose, gold lace and white fur piece. Mr. Ward has an exceptionally fine voice, and that versatility of expression, "raiser" and artistic to a degree, which can only be the product of a rare imagination cleverly put into action. Really it seemed last evening that Mr. Ward had mistaken his calling, and should be on the stage. Needless to say this number received profuse applause.

Hot! Hot! but the next number was enough to make even a canny Scotchman "deed a laughin" for some seven feet—surely no less—of K. Ryan in Scotch kilts, etc., appeared before the foot lights, and with many a brave step sang "Roamin' in the Gloamin'" in a manner "fit to kill" with laughter. Why? Well, the top of his bonnet feather could well high have kept company with the "First Dutch Steeple," while his "Scotch-irish" was bonnie indeed.

Another singer with a fine voice was golden-haired Miss Martha, who in evening gown of pale blue and lace sang "Silence of Love."

One of the sweetest songs of the evening was "Sweetest of the Sweet," but could it be anything else?—surely not by J. Ernie.

Still another good voice was distinguished when Miss Elsa in dainty frock of pink sang "Blossoms."

This part of the program was brought to a close with the pleasing orchestra numbers given by the "Tutty Tutty Orchestra," composed of Miss Norma, who was certainly some sort of gifted lady, and Messrs. E. Casack, J. Ernie, E. Ward and T. Wayne.

The third number under "Specialties" was a lovely old Irish ditty, "When You and I Were Young, Maggie," sweetly sung by Messrs. J. Dumont and J. Ernie in appropriate costume.

An old English collage scene formed the appropriate setting for the solo, which proved exceptionally taking. "I'm Going to Settle Down Out in London Town," sung by David Freer, Sr.

Could any one have ever dreamed of their midst as identical the Fatima Tuti and soloist who presented "I'll Dance My Way Back to the Land" with the fetching Miss Norma, and yet? Well, he, she, or both in one, not several encores.

Another of the evening's beauties, Miss Norma, in costume of orange satin and black lace, did the solo song and dance, "Ducktown Dancin' School," with accompanying chorus.

REVIEW CASES OF REPRIEVED FOUR

By Telegram to The Freeman.

Ossining, N. Y., April 30.—The cases of Joseph Malino, James Cassidy, Joseph Usefof and Charles McLaughlin, who escaped death in the electric chair by six hours last night when Governor Smith granted them a two weeks' respite, will be reviewed, it was announced today. The respite was the result of a plea of Supreme Court Justice Mitchell, the trial judge, who told the governor he had received new evidence.

A determined effort will be made by the lawyers for Usefof to save that youth from execution. He was said to have been only a onlooker at the scene of the crime, when a subway station agent was shot to death during a robbery. The mother of Malino spent the entire day at the prison while Usefof's mother visited Albany.

The four condemned men were given news of the respite while they were eating what the prison calls the "last supper." The mother of Malino had just been escorted from the death chamber. A trusty entered with four steaming steaks. Warden Lawes then stepped into the room.

"I have good news for you, gentlemen," he announced.

Malino was weeping while the other three sat speechless.

"Executive clemency prescribes that each of the following shall be granted at least two weeks respite," said the warden, reading the names of the four condemned men.

The death chamber rang with cheers as the news was passed along by the convicts. Malino almost collapsed while his companions were struck dumb. Later Cassidy said: "I give credit to the mothers of Usefof and Malino. Funny how the mothers stick to their kids."

Malino, who confessed he fired the shots which killed the station agent, said: "Our mothers—we always appreciate them too late. I wish we had all known our mothers better long ago."

His mother, when told of this, said: "I never lost hope; a mother never does. They bear all the burdens of the world. I cannot think my boy is bad and I have worked too hard to give him up to the chair."

Lawyers for all but Malino will ask for new trials for their clients. They will probably be granted.

WAIVE PUR BOND.

Breeders, However, Must Get Usual License.

By Telegram to The Freeman.

Albany, April 30.—To encourage the artificial propagation of fur-bearing animals as an offset to the drain upon wild stock resulting from present high fur prices, the conservation commission will hereafter waive the bond of \$500 formerly required of those who wished to keep in captivity fur-bearing animals protected by law. The usual breeders' license fee of \$5, which is required by statute, still remains in force, except for the purpose of breeding foxes only, of which no species is protected in New York state.

Famous and Infamous Bible Women.

On Sunday evening Dr. T. H. Baragwanath, pastor of the St. James Methodist Church, will begin a series of three Sunday night sermons on the general topic, "Famous and Infamous Women of the Bible." The first will be "Some Cruel Women of the Bible." The second will be "Some Courageous Women" and the last will be "Some Pious Women." The counterparts of these women of the Bible, both good and bad, will be selected from secular and modern history. This series will certainly be most unique and should prove to be of very great interest. Each night there will be an attractive musical program.

Went Wilson As Bishop Again.

The General Conference of the Methodist Church opens tomorrow in Des Moines, Iowa, for a session of a month. It will elect a number of bishops. All of the annual conferences of the New York area have petitioned the general for the return of Bishop Luther R. Wilson for four years. He is completing eight years' service. Bishop Wilson presided at the New York Methodist Conference held at St. James M. E. Church, this city, two weeks ago.

FLEE PARIS TO AVOID MAY DAY

By Telegram to The Freeman.

Paris, April 30.—Despite the impression that there will be no serious trouble in Paris on May 1, thousands of persons are leaving Paris and going to the provinces to avoid the demonstrations promised for Saturday.

The government already is disposing of its forces to meet possible emergencies. Particular attention will be paid to protecting railways and subways. It is officially denied that the government is secretly bringing in to the city large forces of machine guns and tanks.

There probably will be partial service on all the railways Saturday. The railwaymen continued their discussion today whether to extend the strike beyond May 1. The miners have decided to continue their strike indefinitely.

SPRING ACTIVITY AT HIGH SCHOOL

Class rivalry and desire for close competition seem to be a prevailing feature between the senior and junior classes of the high school. Both tried a hand at basketball and now they are in for baseball.

The juniors have received and accepted a challenge from the seniors to play a game some time during the first part of May.

William M. J. R. W. Murray was selected as pilot of the senior crew and has ordered the recruits out to practice this afternoon.

It is understood that the juniors have begun to organize and are prepared to put a fast team up against the lordly seniors.

The seniors outtopped the juniors in basketball but they had better watch out when the baseball game comes off. The juniors have a second Christy Mathewson on the twirling staff.

Saturday afternoon the Varsity baseball team will tour to Roxbury to cross bats with the husky mountaineers. Roxbury as a rule has some good baseball players, so a close contest is anticipated.

However, the team is in excellent shape and are showing improvement daily, due to efforts of the coaching staff, which is the best in the Hudson valley and probably the state. Coach McIntyre has as his assistants camp Judge Schirick and Artie Rice. Both are the most loyal players of renown, and are the most loyal supporters that Kingston High School has in its athletic activities.

The first home game will be played on Saturday, May 8, when Millbrook comes here.

Thursday morning the third of the series talks, on "After High School, What?" was delivered by Dr. Frank Eastman.

Dr. Eastman talked from the viewpoint of "Medicine." He told of the Compulsory Health Insurance system operated in Germany. This system makes the doctors workers for the government with about 2,500 people to care for and pays the magnificent salary of 600 marks or \$130 per year.

New York state attempted to pass a bill providing for such a system here, but fortunately it was not passed.

Dr. Eastman pointed out the difficulties a doctor has to contend with. He cannot strike and he has no regular eight hour day with Sundays and holidays off. He works whenever he is called and has to rest when opportunity presents itself.

He went on to say that if anyone expected to be a doctor and work his way through college he had better give up the idea as it is impossible. A medical student needs every minute of his time for his studies and a little sleep occasionally.

Dr. Eastman's talk was very interesting and he drew a vivid picture of a doctor's life as connected with his profession.

The May Day exercises will be given next Friday morning at the High School.

Miss Zeida Neher has popularly been chosen as Queen of the May. She will be publicly crowned on that day by John Krom as prime minister.

Saturday evening the Varsity and Midnet basketball men, who are to receive first team letters will enjoy a home-cooked feed at Posenar's West Shore Hotel. This is the excellent way in which the athletic teams close their season.

In the recent drive for the Near East Relief, Kingston High School raised \$60 and the total raised by all the schools was \$224.98.

This was much more than Poughkeepsie's offering which was \$45 from the High School and \$190 from all the schools.

CONDEMN ATTACK ON TAYLOR SHOW

London Press and Prominent Actors Indignant at Organized Rowdies Who Broke Up "One Night in Rome," American Star's Play.

By Telegram to The Freeman.

London, April 30.—The British press and public joined today in severely condemning the organized hooliganism which broke up Lauretta Taylor's show, "One Night in Rome" at the Garrick Theater last night. Several newspapers take particular pains to point out that the demonstration was not to be interpreted as "anti-American feeling."

The critic of the Daily News picked up one of the missiles thrown at the stage from the gallery. It was a box labelled "poudre infernal" (infernal powder).

Regular first night galleries and the bulk of the people in the theater were indignant at the demonstration, which provided one of the most sensational evenings London theatergoers ever saw. It was agreed that the opposition did not come from regular patrons.

"The facts are," said one, "that a gang visited the theater with an expressed intention of creating a disturbance. The artists may rest assured that the demonstration was not directed against them, nor was it a protest against American plays or players."

The Daily Express said today: "It was indefensible. The British public will wipe out the disgrace next Saturday night when an attempt will be made to re-open the play."

Charles B. Cochran, the producer, under whose management Miss Taylor is appearing in London, said: "I am convinced that the demonstration was not caused by anti-American feeling. I cannot account for the deliberate, organized demonstration to ruin Hartley Manners's play. (Manners is Miss Taylor's husband.) The fact that 'stink bombs' and stuff were brought to the theater shows the whole thing was planned before hand."

"It was not done because the play was unpopular or because Miss Taylor was appearing."

Miss Taylor, in an interview with the Daily News critic, said: "My first thought was to take the next boat back home. But I am sure the British public are still my friends. So many of them have been around to tell me so."

The Daily Graphic said: "The demonstration filled the mind of the stargazers present with inexpressible distress. The audience was one of the most brilliant first night audiences of the year."

A number of English actors including Haddon Chambers, Forbes Robertson, Gerald Dumari, Cyril Maude, Dennis Eadie and Robert Lorain, joined in writing a letter to the Times to express their "extreme indignation" upon hearing of the disgraceful scene at the Garrick.

"We do not presume to judge the cause of the demonstration," the letter stated, "but we wish to protest with all energy possible that an infamously small minority was able to publicly insult our brother and sister artists, including Miss Taylor, an artist of highest achievements who has won her way into the high esteem and affection of the London public as well as our own people across the Atlantic."

SCUDDER ENTERS SAFFORD FIRM

Samuel D. Scudder, Jr., Becomes Partner In Old Established Jewelry House—New Firm Will Commence Business Tomorrow.

Another important change will take place tomorrow in the Wall street business district when Samuel D. Scudder, Jr., becomes a partner in the old established jewelry house of C. H. Safford & Co., he having purchased the interest of Hattie H. Safford in the business.

The late Charles B. Safford established this jewelry business in 1856, at No. 12 (now 324) Wall street and in 1870 removed to the building where the present firm is now located and which succeeded him at his death in 1908. The firm then consisted of Charles H. Safford, Jr., Arthur Safford and Hattie H. Safford, and upon the death of S. Arthur Safford in 1912, his brother and sister continued the business.

Mr. Scudder, who has had considerable experience as a salesman, and for some time with C. H. Safford & Co., now becomes a full partner with Charles H. Safford, and the reputation of this house for integrity and honest dealing acquired during the fifty years in its present location, will be carefully observed by the new firm. Charles H. Safford will continue his special branch of optometry as before. The new firm to be known as Safford & Scudder will commence business on Saturday morning and will take pleasure in welcoming their friends on that day with a choice souvenir.

CONDEMN DYER'S AMITZAR ACTION

By Telegram to The Freeman.

London, April 30.—The reports of the investigators in the Amiztar massacre, in which hundreds of Indians were shot down by British soldiers, will severely condemn the action of General Dyer in ordering the troops to open fire on the natives, it was stated by the Graphic today. A majority and a minority report will be submitted, both of which will condemn General Dyer, but it is doubtful if a single Indian will sign.

The majority assumption that some underground connection existed between the Indians and German Bolsheviks will have to be abandoned, according to the Graphic.

British Papers Recent Restriction.

LETTER CARRIERS FOR 25 YEARS

Five of Those Named May 1, 1895, Are Still at Work in Local Postal Service—How Kingston Facilities Have Grown in That Time.

Saturday, May 1, will be the twenty-fifth anniversary of the inauguration of the postal letter carrier system in the city of Kingston. Henry G. Crouch, who was owner and editor of the Kingston Weekly "Argus," was postmaster at the time, the main post office being at the corner of Fair and John streets, in the Kingston Opera House building, George Plant being the superintendent then of the Rondout station post office on the Strand. Of the letter carriers first appointed on May 1, 1895, there are still on duty in this city, Frank Wood, Harry T. Wheeler, Charles Lebert, William F. Straley and John P. Clarke, the latter now clerk in charge of the Rondout station post office. Otis Burr who was one of the original carriers is on duty in Philadelphia, having traded location later with a carrier from that city. Charles Romeyn, also one of the first carriers appointed, several years ago changed positions with Emory J. Hampton, a carrier in Brooklyn, who came to Kingston with his family and made his home. He is still in the harness, with about 37 years of service as letter carrier to his credit, and is as chipper as the youngest of Uncle Sam's army of gray uniformed faithful letter carriers. Since then, the large post office building on Broadway has been built by the government, and besides it, there are two fine postal stations, one in each end of the city, that are busy spots, and from which the post office department receives a large revenue yearly.

He was discharged.

They were informed there was plenty of work on some of the local brickyards and were given the opportunity to seek a job.

PALMER GUARDS AGAINST MAY DAY

Information Of Plots For Violence Results In Attorney General Scattering Large Force of Government Agents To Safeguard Persons And Property.

By Telegram to The Freeman.

Washington, April 30.—The department of justice today moved to check May Day disorders which the attorney-general states he knows has been planned by extremist organizations.

Agents of the department have been widely scattered to protect industries against lawlessness and to prevent plots, which the attorney-general states have been made against the lives of state and federal officers.

"The government's full power will be exerted to shield public officials and citizens against lawlessness," Attorney-General Palmer said today. The attorney-general stated that information concerning the alleged plots and program of violence were in the hands of the department of justice in sufficient time to enable the department of justice to throw sufficient safeguards about property and persons prominent.

While officials of the department were reticent as to their plans, it was learned that already agents have under strict surveillance suspected individuals and that those who have shown sympathy for organizations advocating extreme measures will be closely watched. According to officials of the department of justice, extremists have extended their propaganda for May Day demonstrations into practically all large industries, although these appeals have been evidently ignored by the greater mass of workers.

NEW COAT SUITS

Combination Always Right Thing in the Right Place.

Models May Be Made of Serge, Wool Jersey, Velours, Duveltyne, or Other Material.

With the approach of spring every true woman is drawn irresistibly by the magnet of worn clothes. The first hint of spring comes in the lengthening days, the melting of snows, and its good out-doors lures to tramp and tour and promenade.

Soon we shall be in the grip of what we call "between seasons." We all know this trying period—trying especially to the woman with the small income, when thrift and economy must curb desires.

For those of unlimited credit, the shops are a veritable happy hunting ground, a revel of color and beauty. All, however, will find that the most practical and serviceable garment in one's wardrobe is the ever-faithful, every pretty "robe-manteau" or coat-dress. It answers a multitude of necessities and is always the right thing in the right place.

The old coat-dress of the yesterday used to be cut uniformly "chemise" style. But this season brings us models absolutely new in cut, design, trimming and other touches. These dresses may be made of serge, wool Jersey, velours de laine, duveltyne or any other good-looking material. Worn with a chic hat and a stole or "throw" of fur they make the ideal costume for a warm spring day.

Today more than ever it seems the ambition of this type of garment to look as much as possible like a coat. They are so cleverly cut that the spectator is really puzzled.

The redingote frock and the Eton model seem to be contesting for first honors in popularity, although there are other designs equally attractive.

With these one-piece gowns simplicity is the sine qua non, and reasonably so, for it gives a youthful touch to every figure and face, and is usually very becoming. Girls like the addition of dainty bits of organdie or embroidered batiste, but these pretty accessories should make their appearance in the summer.

INDIVIDUALITY IN TOP COAT

Every woman needs a top coat. This charming garment has several new features—from girdle to satin inserts—which add materially to the note of individuality.

The Helpful Girdle.

The flower girdle as an accessory to dress frocks should not be overlooked. This is one of the novelties of the season. A girdle of French blue cloth is covered all over with small pink roses, the chiffon merely serving as a foundation and for the big bow at the back. Another lovely girdle has a foundation of silver ribbon which fits in a big bow at the side front. Otherwise it is concealed by clusters of purple grapes. One of these girdles—and the fancy may go the limit in the selection of flowers and colors—will glorify an otherwise perfect but ordinary frock of lace or chiffon.

Gingham and Silk.

Now, maybe it doesn't appeal to you at first, but you'll like it and maybe you'll be wearing it before the season is out. Tulle silk with gingham at the new combination. There are charming frocks made of tulle with underlinings of the gingham. Gingham is also used with crepe de chine to good advantage, though undoubtedly the tulle and gingham combination will be better liked.

HIGH FALLS.

High Falls, April 29.—On Sunday morning, May 2, the anniversary of the Reformed Church Sunday school will be observed by a report of the year and a sermon by our pastor on "The Christian's Home." We hope to have a good attendance at this service.

ULSTER'S SHARE IS FURNISHED

Supervisors Authorize \$200,000 Toward Building of Ellenville-Wurtsboro Road—State Aid to be Asked for Sankil Road—Highland-New Paltz Rights of Way Committee Meets Difficulties.

Twenty-eight members of the board of supervisors attended a special meeting of the county legislature Thursday evening at the court house on a call of Chairman John H. Saxe. The object of the special session was to take action on the appropriation of Ulster county's share of money necessary for the construction of a portion of a federal and state highway, a total distance of 11 45-100ths miles between Ellenville and Wurtsboro, four miles being in Ulster county and the balance in Sullivan county.

Under a new law the United States gives aid in construction of what are termed federal highways, of which the Ellenville-Wurtsboro road will become a part, and in order to get federal aid the state highway department notified the supervisors action must be taken before May 5 by the board showing that its quota, being 30 per cent of the total estimated cost of construction has been provided for. The federal government pays 25 per cent and the state pays the other 25 per cent. Ulster county's share is \$60,240 and on a resolution of Supervisor Chester Young of Wurtsboro it was unanimously voted that there be appropriated that amount and that the county treasurer be required to pay such requisition or draft from such unexpended moneys in his hands and if there be none, to be empowered to borrow same, or so much thereof as may be necessary, to pay such requisition in order that the county may secure the federal aid of 35 per cent. Unanimous consent was given to suspend the rule in order that the vote could be taken on the Young resolution at the meeting.

In reply to a query of Supervisor Frautcher as to what the result of the appropriation of this board would be in case that Sullivan county should fail to provide for its 30 per cent quota for the construction of its 7 45-100ths miles, County Attorney Eckert and Supervisor Young stated the appropriation by Ulster county would avail nothing as the whole matter would fail.

A resolution of Supervisor Young was adopted to modify the highway map of Ulster county by eliminating a portion of the mileage by the striking out of 9-10ths of a mile in the town of Shandaken near Pine Hill and adding that amount of mileage to a state highway running from Ellenville westerly line to and connecting with the proposed Federal highway. Carried. Later a resolution was adopted that by reason of public necessity the State highway department be requested to construct a highway 9-10ths of a mile through Ellenville to connect with the Federal highway proposed.

A resolution was offered by Supervisors Brink and Charlton of the towns of Ulster and Kingston to modify the highway mileage map of one county by eliminating mileage in the town of Marlborough add Shandaken and that the same number of miles be added to the highway leading from West Hurley road to Zena in the town of Woodstock. Adopted. They later offered a resolution that as public interest requires the construction of a highway with state aid from West Hurley to Zena, (being the Sankil road which for years has been in dangerous shape for travel) there be constructed with state aid a highway 9 9-10ths miles, running through the towns of Kingston, Ulster and Woodstock. Adopted.

County Attorney Eckert stated that as there had been much inquiry why nothing had been done in regard to the Highland-New Paltz Highway, he wished to say that the committee on rights of way had been over the ground and learned that the original maps had been made in 1914, and since then there had been a number of parcels necessary to be acquired that were designated on the maps sold to other parties and some of them parcelled to other owners, and therefore the committee could not proceed. That they had taken up the matter with the division superintendent at Poughkeepsie who had made new maps and these maps had been sent to the highway department at Albany. A few days ago, Mr. Eckert said, he had been at Albany and called on Mr. Rider, of the highway department who makes the maps for rights of way, and he had stated the new maps would be sent to Kingston in a day or two. When they arrived the committee to acquire rights of way along the Highland-New Paltz proposed improved highway would get busy at once.

On motion of Supervisor Conklin the board of supervisors adjourned, subject to the call of the chair.

Doctor Issues Warning And Tells How to Stop Excessive Use of Tobacco

New York: Dr. Connor, formerly of Johns Hopkins Hospital, says: "I am often asked if I know anything to stop the tobacco habit and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit-forming drugs, is absolutely harmless and produces astonishing results in a very short time. The excessive use of tobacco saps the vitality, vim, vigor and ambition of the man who is entrained by its seductive effects. It undermines the health and leaves the victim an easy prey to general debility, throat and lung troubles, nervousness, insomnia, heart trouble, kidney trouble, headache, tongue and lip cancer and even blindness. Physicians the world over often trace the start of the above diseases and many others to nicotine poisoning."

If you want to free yourself from tobacco go to any drug store and ask for Nicotol tablets. Take one tablet after each meal and in a short time you will have no desire for tobacco—the craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve. Note: When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit—away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists including Connolly Drug Co. and Ten Broeck Pharmacy.

Rhinocell Team Wants Games.

The Rhinocell baseball club having organized for the 1920 season would like to hear from the Elm A. C., Wilbur and any other amateur clubs. Address all communications to Lee C. Wheeler, manager.

Walter Hampton, 12 year old son of E. J. Hampton, the letter carrier, who resides at 92 Clifton avenue, may not be able to define every word which appears in Webster's dictionary but he can get away with many of them for a lad of his age. Walter, who attends public school No. 5, was asked by his sister if he could give the definition of the word "coincide" and use it in a sentence correctly.

After a brief hesitation he remarked that he could and this is the definition he gave: "Why if you are on Cohen's side, he will tell you where he is going to drop the little green envelope, legal size."

Evidently he was interested in the green envelope which is being dropped daily by S. Cohen's Sons, somewhere on the streets of Kingston and which is redeemable at their Wall street store for \$1 in cash and the two theatre tickets to Keeney's theatre which Manager George Gildersleeve is giving away.

HEROES' GRAVES TO HAVE MARKERS

Ten Citizens Donate \$25 Each When Legion Post Treasury Will Not Permit Expenditure—Markers to be Placed at Memorial Day Ceremonies.

Through the generosity of ten of Kingston's citizens, the graves of the boys who died in the service of the United States during the world war will not go unmarked this year. At the meeting of Kingston Post, No. 150, American Legion, last week the matter of securing bronze markers was discussed but on account of insufficient funds at the present time the Post was unable to secure the markers as had been planned. The matter was put off until next year when it was hoped funds would be available.

It was then that the matter came to the notice of these persons and Thursday the treasurer of Kingston Post was notified to come to the office of Judge J. A. Betts, where he was given an envelope which contained the ten subscriptions of \$25 each, with which to purchase the grave markers. This action on the part of the persons was unknown to the members of Kingston Post and their generous spirit is fully appreciated by every member.

The letter which accompanied the \$250 subscription follows:

To Kingston Post, No. 150, American Legion:

We read with chagrin that the matter of securing suitable grave markers for your dead comrades was postponed for the year because of lack of funds. We feel that if this condition were allowed to continue it would be permanent reproach to us.

Please permit us for this purpose to aid you.

The matter of securing suitable bronze grave markers was immediately taken up and were ordered by the secretary of the Post. These markers will be placed upon the graves of the service men on Memorial Day when fitting ceremonies will be held.

CHARLOTTE AND AL ARE HERE

"Al" and "Charlotte" arrived in Kingston Thursday and have taken up their residence for the summer at Forsyth Park where quarters have been provided by the city authorities. "Al" and "Charlotte" are the two deer which will be kept this summer at the deer park in Forsyth Park on Lucas avenue.

Some time ago it was decided to secure two deer as an attraction at the park this summer and the necessary permit was secured and Thursday Game Protector Fred De-Whit and Carlton Preston, representing the Ulster County Fish and Game Association brought the two deer safely to the city.

"Al" is the handsome buck deer which was rescued last winter during the heavy snow storm by Al Whispell of Phoenixia after it had been injured by dogs, and it was from Mr. Whispell that the deer was secured Thursday.

"Charlotte" was brought from the farm of Charles Hardenbergh at Stone Ridge.

Both deer are now established in the enclosure which was erected by the city at the park and undoubtedly this summer they will be one of the attractions at Forsyth Park. The matter of securing the deer for the park was first taken up by the members of the Ulster County Fish and Game Association at their annual meeting this spring and it was through their efforts that the deer were secured from the state.

SEVEN CENT FARE FOR POUGHKEEPSIE

The public service commission has granted the Poughkeepsie trolley company permission to increase its fares to seven cents providing the trolley company gives proper assurance that it will expend \$100,000 for improvements to the roadbeds.

The order provides for the charging of seven cents on all zones, making the fare from the city to Wappingers 21 cents.

The commission criticized the salary disbursements of the trolley company declaring them to be "clearly excessive," being at least double what they should be. The salaries amount to \$22,433.87. The commission directs that, they be immediately revised. The service was also declared to be deficient, inadequate and unreasonable. These conditions were also ordered to be remedied at once.

Exercise; Don't Overeat:
Cattle are fattened for slaughter by being overfed and not allowed to exercise. Many men and women prepare themselves for slaughter by voluntarily adopting the "stall-fed life," says the United States public health service. Don't overeat and take plenty of healthful, outdoor exercise.

OFFICIAL MEMBERS

Of East Kingston M. E. Church
Meet With Rev. P. N. Chase.

The official members of the Methodist Episcopal Church of East Kingston met Thursday evening with their pastor, Rev. P. N. Chase, at his home, 15 Green street. As a majority of the officials are women, it was by no means a men's meeting. Part of the evening was spent socially. Then work for the year was planned. Cake and ice cream were served, and after a song and prayer, the members departed for their homes.

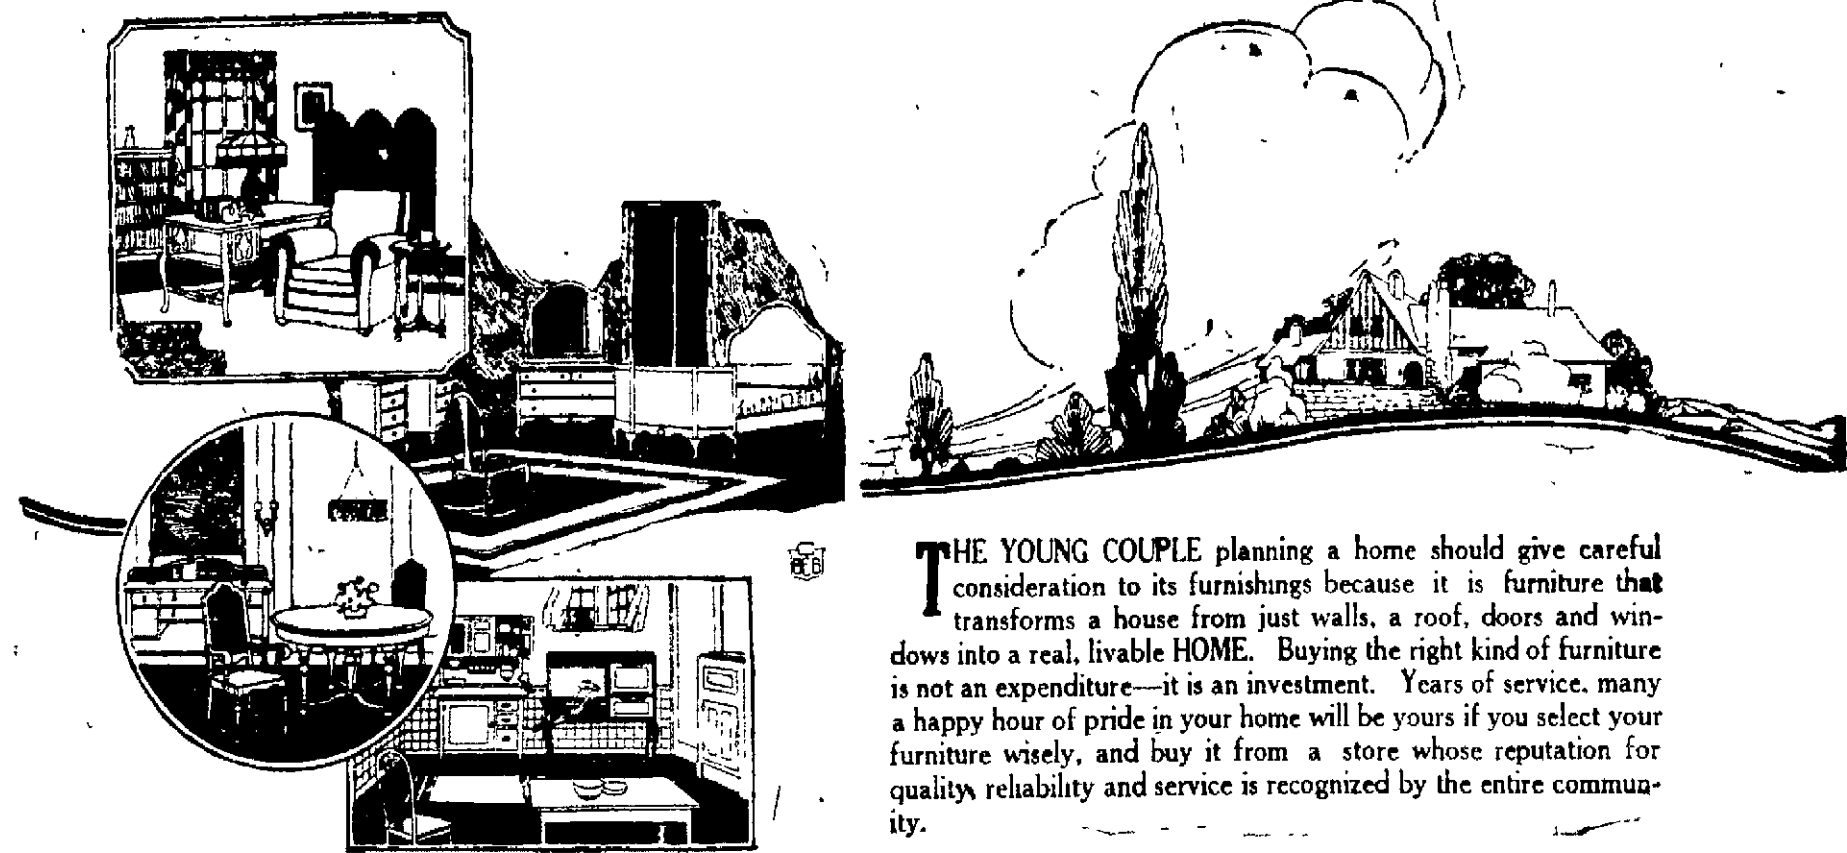

Those present were Mr. and Mrs. Cornelius Wolven, Mr. and Mrs. Sam Smith, William Pratt, Miss Mary Cocks, Miss Katherine Cocks, Mrs. A. Shackle, Miss Pauline Shackle and Miss Ida Beck. Both pastor and people have found these gatherings both pleasant and profitable.

Home Outfits

THE YOUNG COUPLE planning a home should give careful consideration to its furnishings because it is furniture that transforms a house from just walls, a roof, doors and windows into a real, livable HOME. Buying the right kind of furniture is not an expenditure—it is an investment. Years of service, many a happy hour of pride in your home will be yours if you select your furniture wisely, and buy it from a store whose reputation for quality, reliability and service is recognized by the entire community.

Furnish Your Home With the Newest Period Styles

ALL PERSONS of refinement and culture prefer period furniture to the ordinary furniture of commonplace design. It is the kind of furniture that you admire, believe in and want for your very own. The cost of such period furniture at this store is no greater than that of ordinary furniture in most stores.

To young couples especially, we offer the most intelligent, the most experienced and, we believe, the safest counsel in choosing complete home outfits. Our reputation for quality and reliability, both in our methods and in the merchandise itself speaks volumes as to our helpfulness in guiding young couples to the right kind of homes.

It is not necessary either, to pay high prices to enjoy a home that will fully measure up to your ideals. In fact, you will be surprised at the moderate price of the splendid furniture to be found on every floor of this store. Just to stroll down the long aisles and view the furniture itself will be a revelation in what a wonderful opportunity this store holds for all who are planning a new home.

Survey Shows That Immigrant Stays Very Close to Large Cities

A survey of the people from overseas and their sons and daughters, by the Interchurch World Movement, has revealed that in a triangle running from the extreme corner of Minnesota down to the southern tip of Illinois and from there east to New Jersey and Delaware, this section constituting 18 per cent of the area of the United States, contains 75 per cent of the 13,000,000 foreign population of this country.

The study of the immigrant has revealed, further, that this triangle, bounded on the north by the great lakes and Canada, contains 56 per cent of the entire population of the U. S. and 32 per cent of the 52 cities with a population of 100,000 or more.

In the accompanying illustration it is shown strikingly that the immigrant stays very closely to the large cities, despite the fact that he may have been a farmer at home or worked in the vineyards on sunny slopes in Italy. Yet in this country he goes directly from the steamship to an industrial center, there changes his mode of livelihood and adds to the already intolerable congestion in those areas.

In New York City alone the Italians equal the total population of the city of Los Angeles, a total greater than the number of Italians either in Rome or Naples. The number of Austro-Hungarians in New York is equal to the population of Milwaukee. The Jews in Philadelphia, the Russians would repopulate St. Louis. Aside from simply making a study of who these people are and where they live, the Interchurch World

Movement—30 great denominations in co-operation, which will, in the period from April 25 to May 2, stage a mammoth drive for \$336,772.572—plans to ascertain basic facts on the immigrant and his work in order to

build a truly constructive program based upon the principles of citizenship and Christianity, an educational program to assimilate the immigrant into the life of America, and make him a 100 per cent American.

Amphibious Crayfish.
The crayfish usually lives an aquatic life. Some of it is found in Australia, however, have forsaken the water and excavate burrows. The tunnel leading to the heart of the burrow is free from water but it is always present in the chambers at the end where the crayfish lives.

Will to Do is Imperative.
Thoughts of doubt and fear never accomplished anything, and never can. They always lead to failure. Purpose, energy, power to do and all strong thoughts come when doubt and fear drop in. The will to do springs from the knowledge that we can do. Always, crayfish lives.

"If You Know How to Pray, Pray for Me Tonight—for Me and the Other Men in That Death Trap!"

Then this despised "squaw man" was off to save from an Indian massacre the men who had shamefully jailed him for a common horse thief!

Only the girl knew his heart—she and the brother for whose sin he had buried himself in the West.

But when his great day came, his defamers found that his "black" soul was white and his "fellow" blood, spilled for them, was red—red!

"Told in the Hills" is a mighty epic of the West, of the pioneers, of scout and gold hunter and roving Indian, of the West as it was in other times and never will be again.

The novel has thrilled countless thousands. Now Robert Warwick, with a brilliant supporting cast including Ann Little, Wanda Hawley, Tom Forman, Monte Blue, Eileen Perry, Hart Hoxie and Gay Oliver, has given the story life in a great-screen masterpiece. Don't miss it!

HARRIS WINS AT "Y" BILLIARDS

There were 21 entrants to compete for honors in the final spring tournament in pocket billiards among the members of the senior group at the Y. M. C. A., during the past three evenings, commencing on Tuesday. All the games were close and much of the playing of high character. The initial matches scored as follows:

McHugh vs. Brown, 50-29; Ketterer vs. Bishop, 50-35; Thompson vs. Foster, 50-35; Koenig vs. Messinger, 50-49; Albrecht vs. Garrison, 50-38; Barmann vs. Northrop, by forfeit; Becker vs. Goldberg, by forfeit; Harris vs. Dolson, by forfeit; Dressel vs. Ryan, by forfeit; McMillan, Murray, Smith, absent.

In the second elimination, the following results were obtained: Dressel vs. Albrecht, 50-32; Harris vs. Koenig, 50-38; Ketterer vs. Barmann, 50-41; McHugh vs. Thompson, 50-47.

The semi-finals resulted in Dressel winning over Ketterer by a score of 50-38, and Harris over McHugh 50-21; while in the finals Harris again won over Dressel 50-24, thus winning the tournament and the silver loving-cup awarded as a trophy. As usual, all were straight games of 50 balls each. This is the fourth tournament of the season held at the Association and it so chances that each has been won by a different champion. The galaxy of stars are numbered: Arthur L. Jones the winner of the first tournament, held in January; William J. Albrecht for February; and Lawrence L. McHugh in last month's event.

A STIRRING EVENT LAY'S Saturday SALE

April has gone, with a volume of business to its credit that has put this market's records for all previous Aprils far in the shade—and this in the face of exorbitant prices exacted by the meat barons. And now comes May, and we have every reason to believe that it is going to prove as successful as the month past. We begin the month Saturday with a bang—with a busy day's stirring meat sale. Prices have been lowered to the bed-rock level without taking into consideration the steadily increasing quotations of wholesalers. There is no such thing as "low prices" when speaking of meats. We have cut them, however, as deeply as present conditions will permit.

POULTRY FACTS.

GREEN FEEDS FOR POULTRY

There is Much in Proper Curing and Handling—Beets and Mangels—Worms Also Good.

If you have fed clover or alfalfa to poultry in its green state or dry you know its value. If you have not used it as a hen feed do so this winter, even if you have to buy some, and in future seasons you will lay in a good supply. There is much in curing and handling this food to have it right for hens. If it has been done properly, cut into one-quarter-inch lengths, and place it in a tub or barrel, then turn on steam or hot water, which at once brings back the aroma of the harvest field. Next spread out in the mixing box and sift on some cornmeal, middlings and animal meal, salt a little and you have as good a meal for laying hens as can be prepared. In some respects alfalfa is better than clover. It is very rich in protein, yields more in a year than clover, and hens like it better.

For poultry it should never be allowed to become woody. A good field of alfalfa will produce more hen feed than the same amount of space put into any other crop.

Next in order for a dependable winter food come beets and mangels—wurzels. There are different sorts, red, yellow and white. All make a good winter hen feed. They are composed largely of water, but it makes an excellent winter food, being easily grown and kept and is very handy to feed. By feeding plenty of green food to the hens in winter there is a profit derived in two ways. The hens will be more healthy, therefore lay better, and by working it into the daily ration the cost of feeding the flock is lessened considerably.

HINTS ON HANDLING POULTRY

Among Other Things for Farmer to Remember is That Male Doesn't Influence Number of Eggs.

(Prepared by the United States Department of Agriculture)

It is urged that all farmers and poultrymen adhere strictly to the following principal rules in handling their poultry and eggs:

1. Keep the nests clean; provide one nest for every four hens.
2. Gather the eggs twice daily.
3. Keep the eggs in a cool, dry room or cellar.
4. Market the eggs at least twice a week.
5. Sell, kill or confine all male birds as soon as the hatching season is over.

One Hundred Hens Should Be on Every Farm.

so as to produce fertile eggs. The male bird has no effect on the number of eggs produced.

MISSION OF OYSTER SHELL

Not Given to Supply Grit, but to Make Bone, Muscle and Feathers—Help Out Ration.

Many poultry growers, especially beginners, have the impression that oyster shells make good grit for fowls, but such is not the case. Oyster shells, in some respects do help to grind the fowl's food, but the chief mission is to make bone, muscle and feathers. They form the shell of the egg, or assist in this matter and at the same time aid in making a complete ration when fowls are fed charcoal and grit together with their grain rations. If you keep them before the hens and do not feed fat-producing feeds, they will prevent soft-shelled eggs and keep them from acquiring the egg-eating habit, which is one of the greatest losses ever experienced by any poultryman. In almost every feed given to fowls we find a shortage of ash. The oyster shells supply this want of ash and the hens lay their full quota of eggs.

AVERAGE YEARLY EGG RECORD

About 130 Per Hen Is Good Estimate—Result From Flock Properly Cared For.

About 120 eggs per hen is a fair average for the year's egg record. A flock properly cared for should produce about one third as many eggs as there are hens, during the months of December, January and February.

East Indian business man may go without shave, and bolt his breakfast but he never forgets his caste mark toilet

Part of the morning toilet of every Brahman is the application of caste and cast marks. The caste mark is a small red dot placed in the center of the forehead. The casts are identified by other markings.

Caste, the big obstacle to India's progress, is to be vigorously attacked in the program of the thirty denominations now co-operating under the name of the Interchurch World Movement, for which a fund of \$336,777,572 will be sought in every section of the United States the week of April 25.

Hinduism is divided into different sects, of which the Brahmanism dominates. There are two principal Brahman castes—Shiva and Vishnu.

21ST ANNIVERSARY.

T. A. Bennett Celebrates Years of Success At Same Location.

As will be noted in the advertisement in The Freeman this evening, T. A. Bennett, of T. A. Bennett & Sons, the provision dealers, will celebrate the twenty-first anniversary of his beginning business which he started at 61 North Front street on May 1, 1899. Beginning with a small store and giving the closest and utmost attention to his business, he is today the owner of the property which he now occupies as a large store, in which he was employed as a clerk nearly 30 years ago, and which business he conducts with his sons, Clifford T. and John A. Bennett. It being one of the largest and most successful of its kind in the city, Mr. Bennett, when seen at the store today, had the usual word of greeting for everyone, and it would appear as if time had laid but a light hand upon him, as he is as active as either of his sons and co-partners. If the good wishes of his many friends have any bearing on his future business life he will be seen at the old stand for a number of years to come.

Freight Embargo At Buffalo.

Buffalo, N. Y., April 30.—Embargoes on all freight were ordered by the railroads entering Buffalo this morning, which means that another steep rise will result from the strike of switchmen employed in the yards here. The strikers made no new demands, but say they will not return to work until the federal labor board grants the requests made for increases in wages some time ago. If the strike is not settled immediately many of the large plants will be compelled to close again.

CONFESSION OF A BLUEBEARD

Los Angeles Authorities Searching For Body of One of Four Wives Charles Newton Harvey Says He Slew in Periods of Mental Blankness—Admits Having Married Fifteen Women.

By Telegram to The Freeman.

Los Angeles, Cal., April 30.—"Bluebeard" Harvey realized today that he faces death on the gallows for the confessed murder of four of his wives. Calling for the district attorney again to "give further information" of his crimes, Charles Newton Harvey, alias Watson, alias Huitt, is said to have told hospital attendants that he is "ready to go."

Supplied with picks and shovels, an expedition headed by District Attorney Woodhine, left Los Angeles today for a lonely spot near Borego Valley to try and locate the grave of Nina Lee Delony, one of the four women whose murders have been admitted by Charles Newton Harvey.

Harvey's confessed victims were Nina Lee Delony of San Francisco; Bertha Goodnick of Seattle; Alice M. Ludvigson of Spokane and Betty Prior of Seattle. The Delony and Prior women were beaten to death, he said. He admitted that he had married fifteen women altogether, probably more.

The latter's body was found near Plumb Station, Olympia, Wn., recently and positively identified as one of Harvey's numerous "wives."

Bertha Goodnick and Alice M. Ludvigson both met death by drowning. He contended that his crimes were committed in mental blank periods and he himself in his confession said that he may have committed other murders which he does not recall.

Those who heard the confession believe "bluebeard" has other crimes to disclose and that a continuation of the examination which was halted because the man was too weak to continue will likely develop other wife murders, by the most amazing murderer and bigamist in years.

MEXICAN REBELS CLAIM GAINS

United States military authorities at Fort Bliss were held in readiness to proceed at any point opposite Juarez should fighting break out there, but no troop movements were reported during the night.

Frank O'Francis Cunningham of Peekskill and Miss Gussie Vizoski of No. 99 Third avenue, this city, were united in marriage at Peekskill, April 28, by the Rev. William Fisher Lewis. They were attended by Miss Maude Pinkose and Fred Cunningham.

Van Kleek-Harrison.

Long before the hour set for the solemnization of the ceremony, 4 o'clock, the St. James M. E. Church was filled to the galleries, and many guests were seated in the body of the auditorium, to witness the marriage of Miss Mildred Fancher Harrison, only daughter of William R. Harrison of this city, to Samuel J. Van Kleek of Albany, son of Mr. and Mrs. John Van Kleek of Kerhonkson.

The church was beautifully decorated with palms, Easter lilies, potted plants and a large basket of bluish and white carnations; the altar being festooned with smilax. Bridal music preceding the ceremony as well as the Bridal Chorus from Lohengrin and the Mendelssohn Wedding March was played by Albert L. Brooks, organist of the church. Immediately preceding the ceremony Mrs. Morris sang very sweetly, "Because." With the first strains of the Bridal Chorus, the Rev. Dr. Baragwanath and the Rev. Iglehart of Dobbs Ferry, with the groom and best man, Alexander Embree of Schenectady, took their places at the altar, awaiting the bridal party.

The ushers were Harold Callahan of New York city, Robert Bloom of Newburgh, Deputy Anderson of Kerhonkson and Lester Elmendorf of Kingston. They were followed in the bridal procession by the bridesmaids, Miss Ruth Ewing, gowned in orchid organdie and Miss Miriam Ewing, gowned in blue organdie, both wearing Grecian wreaths of pink roses, and carrying pink sweet peas. The maid of honor was Miss Emily Bartch who wore a gown of pink satin draped with azure tulle, and also wore a Grecian wreath of pink roses, her bouquet being of pink sweet peas. The flower girl was Miss Helen Bottger of Boston, who wore a frock of pink organdie, a wreath of spring flowers and carried a tulle ornamented basket of pink roses. The picture presented by the fair, flower decked, daintily robed maidens and their gallant escorts was a veritable pageant of spring, with the bride, their lovely queen, in her rich robe of white charmesse en traine. She wore a veil of tulle with thread lace, caught coronet-wise with orange blossoms, and carried a shower bouquet of bridal roses. She was given away by her father. The ceremony was performed by the Rev. Dr. T. H. Baragwanath, pastor of the church.

The Rev. Dr. Iglehart making the closing prayer and pronouncing the benediction. The ceremony at the church was followed by a reception at the bride's home, which was decorated with white roses, palms and smilax. Following the serving of an elaborate collation, Mr. and Mrs. Van Kleek left for their wedding journey. On their return they will make their home in Albany where Mr. Van Kleek is cashier of the department of public buildings at the state capital. The bride who is one of Kingston's most charming daughters will carry with her to her new home the heartfelt good wishes of a host of friends. She was the recipient of a profusion of beautiful, useful and costly gifts. Among those attending the wedding were guests from Boston, New York city, Newburgh, Poughkeepsie, Ellenville, Ossining, Dobbs Ferry, Kerhonkson, Schoenectady, Wallkill, Troy, Albany and Brooklyn.

Not a Joshua.

Two little brothers had quarreled and after their supper their mother endeavored to establish friendly relations between them finally quelling them in the Bible verse, "Let not the sun go down upon your wrath." Turning to Bernard, the elder, she said: "Now, Bernard, are you going to let the sun go down on your wrath?" Bernard acquiesced a little as he looked into her face. "Well, how can I stop it?" he asked.

ST. MARY'S PARISH MINSTREL SHOW

On Monday and Tuesday evenings, May 3 and 4, the young men of St. Mary's parish will present a real, old-fashioned minstrel show in St. Mary's Hall. The cast will include some of the best voices in Kingston, a powerful chorus of thirty young men, and a quartet of high quality. The young men themselves have roached this minstrel, showing unusual interest and originality. Nearly all the songs are new, and those that are not, are better than new. One song, which is 27 years "new," will afford a pleasant surprise to many. The end men with their new songs and new jokes will recall to many memories of Lew Dorstader, Nell O'Brien, George Primrose and other famous minstrels. Much of the success of the production will be due to the efficient and willing assistance of Miss Catherine Reardon at the piano.

The program follows:

"All the Boys Love Mary,"

FINANCIAL AND COMMERCIAL

By Telegram to The Freeman.

New York, April 30.—Although some stocks suffered losses at the opening of the stock market today, sentiment improved after the start when nearly all of the losses were recovered and good gains were recorded in the majority of the active issues. Steel Common after yielding 1/2 quickly recovered to 94 1/2. Baldwin Locomotive fell 1/2 to 110 and then sold up to 111 1/2, while Republic Steel after selling off to 92, advanced 1 point. Crucible Steel attracted attention selling ex-dividend of the stock dividend issue and opening at 140, a loss of 9 1/2 followed by a rise to 145. The oil issues were in demand, Mexican Petroleum, advancing 3/4 to 169 1/2; Royal Dutch to 109 and Pan-American from 89 1/2 to 91 1/2. General Motors after yielding 1 point to 294 rose to 297 and Studebaker rose 1/2 to 109 1/2. Reading continued to lead the rails advancing 1 point to 84 1/2. Fractional gains were made in the other railroad issues. United States Rubber after dropping to 98, rose 1 1/2 to 99 1/2 and Corn Products from 93 1/2 rose 2 points.

The market suffered another reaction before noon when many issues broke through the previous closing level. Steel Common rose from 93 1/2 to 94 1/2 and then lost all of this gain. Nearly all of the other steel issues moved in the same manner. Republic Steel advancing to 93 1/2 and then falling to 92 1/2. Pan-American Petroleum moved up nearly 2 points to 91 1/2 and Mexican Petroleum advanced over 3 points to 169 1/2, but these issues soon lost most of their gains. Studebaker after selling up to 109 1/2, broke to 107 1/2 and General Motors certificates yielded over 1 point to 298 1/2. Reading, after moving up to 85, broke over 1 point, American Woolen rose from 117 1/2 to 121 and then broke violently in the announcement of the proposed increase in capital stock.

The market was dull and steady during the afternoon. The market closed strong; government bonds unchanged; railway and other bonds steady.

This Bird is Friendly.
Ever try to feed a chickadee? He is a sociable fellow, says the American Forestry Magazine of Washington. If you whistle to the chickadee he will invariably respond, which is more than can be said of most other birds.

Canada's First Christian Marriage.
The first marriage solemnized in Canada was the marriage of Etienne Couillard and Anne Hebert, at Quebec city in 1617, nine years after the founding of the city by Champlain.

Hobson conducted the service and spoke a few words of eulogy of Mr. Wheeler's devotion to and love for the church of which he had been so long a member. Mr. Wheeler was born at Thompsonville, Sullivan county, July 27, 1845, the son of Albert M. Wheeler and his wife, Nancy Hill. At the age of 16 he enlisted in the Home Battalion of the 6th New York Volunteer, being enrolled February 4, 1862. He served with distinction throughout the Civil War and participated in many battles, among them Gettysburg. At Harper's Ferry February 2, 1865, he was honorably discharged. In 1878 he was married to Mary A. Runney, who survives. Mr. and Mrs. Wheeler came to Ellenville in 1885 and for seven years the deceased was station agent for the O. & W. Retiring from that position he led a retired life except assisting in the flour and feed store of W. K. Shook. He was a good citizen, a kind neighbor and a true friend, a man who will be missed especially from the home circle. Interment was made in the Fairview Cemetery.

Seemed an Apple Tree.

REPN'S AGREE ON SOLDIER BONUS

By Telegram to The Freeman.

Washington, April 30.—Payment of a cash bonus to American war veterans of \$125 for each day of service in excess of 60 days is provided for in a bill agreed on this afternoon by the Republican majority in control of the house ways and means committee.

Besides the cash bonus there are four optional plans of compensation proposed:

1.—An unadjusted paid up insurance policy; vocational training aid; farm or home aid, and land settlement aid.

The special taxes provided to raise revenues to meet the soldier's payments are: increased surtaxes of 1 percent on net income between \$5,000 and \$10,000; 2 percent between \$10,000 and \$20,000; 3 percent over \$20,000. Stock and bonds transfers and produce exchange sales between December 1, 1919, and November 30, 1922; two cents on each \$10 of face value or 20 cents on each share without face value. After December 1, 1922, two cents against the sale of 100 of face value; real estate sales 2 cents for each \$50 of payments; an average of fifteen percent increase on existing cigars, snuff and tobacco sales; sales tax 1 percent.

A revolving fund of \$200,000,000 is appropriated from the treasury to help put the proposed bonus legislation in immediate effect.
